Even more savings at your commissaries

DOD's "Taking Care of Service Members and Families" initiative will allow us to reduce commissary prices at the register about 3-5 percent on most items – particularly on food staples that struggling military families need most such as bread, eggs, milk and more," said Bill Moore, director and CEO of the Defense Commissary Agency (DeCA). "With this boost we can achieve at least 25 percent in overall savings for eligible patrons who shop their commissaries. "Commissary customers are expected to see price changes at most locations by mid-October. "The commissary system's commitment to saving military communities money has not wavered for over 30 years," Moore said. "We remain steadfast in our efforts to improve the quality of life of our eligible patrons by saving them at least a quarter on every dollar they spend on groceries compared to 'outside the gate' grocery stores. That's \$50 back in your pocket on a \$200 grocery bill! "We are a food security resource for our customers, and as such, we are doing everything we can to get our precious military families the products they need – at the lowest price possible."

Unit Briefings

Sometimes it's easier for one Education Services Division (ESD) team member to come to your unit to provide a briefing on Tuition Assistance, Credentialing Assistance, Education Opportunities, VA Benefits, etc. than for your soldiers to trickle in and back to work in a timely manner. If you would like ESD to come to your unit to provide a briefing on anything education related (we can even bring our on post school representatives if requested) please contact our Unit Program Manager, Jennifer Anderson, at Jennifer.m.anderson66.civ@army.mil to get a briefing scheduled.

Unit Classes

Do you support Soldier education and are looking to make that easier for your soldiers? Our 5 on-post schools can support unit classes. Unit classes are courses you've identified as a need—for example, perhaps you have 10 soldiers who need a basic writing class or Algebra 101. The best time for your soldiers is during lunch or perhaps 9:00 am - 10:00 am is the best time for your unit—you set the course, you set the time, you set the location (some units have space within their unit, or it can be held at ESD). ESD then coordinates with one of our 5 on-post schools to make the magic happen. In addition, our schools can offer non-credit professional improvement sessions. For example, if you are looking for a lunch-time session (or anytime session) for your supervisors on Writing Appraisals or How to Provide Effective Appraisal Feedback, etc., then our on-post schools can assist in meeting your needs. There needs to be a minimum of 30 business days lead time in order to establish unit classes. Contact our College Program Manager if you are interested in learning more about establishing Unit Classes or non-credit sessions. Ms. Judkins can be reached at frances.c.judkins.civ@army.mil

Tuition Assistance/Credentialing Assistance

If you have not used TA/CA within the last 12 months, you are required to attend a Tuition Assistance (TA)/Credentialing Assistance (CA) Briefing. Briefings are offered Tuesday, 9:30 am & Wednesdays, 1:30 pm — no pre-sign-up required. Unit briefings can be accommodated upon request.

CLEP or DSST Testing

CLEP: The College-Level Examination Program (CLEP) is a series of computerized examinations in 34 introductory college subjects that allow individuals to earn college credit for what they already know about the subject regardless of how that knowledge is acquired. CLEP exams are 90 minutes long and are administered on computer. Test examinee receives instant score reports following completion of the exam with the exception of College Composition. The exams are made up primarily of multiple-choice questions; however, some exams do have fill-ins.

DSSTs are offered in a variety of areas including various aspects of business, mathematics, subjects within social sciences, physical science, and humanities as well as foreign languages.

Transition Assistance Program (TAP)

<https://www.facebook.com/FortHoodSFLTAP>
(254) 288-2227/5627

Transition Assistance Program (TAP) is the lead Army agency charged with assisting commanders in executing their Veterans Opportunity to Work (VOW)/National Defense Authorization Act (NDAA) mandated transition mission. TAP is critical to Army readiness. TAP spearheads transition efforts by providing full-spectrum services to Soldiers, Retirees, eligible DA Civilians, and their families. Army policy requires all Soldiers begin statutory VOW/NDAA transition actions no later than 366 days prior to separation; 24 months prior to mandatory retirement date; and immediately upon identification for any un-programmed loss. All must complete every required Career Readiness Standard (CRS). Soldiers train during the duty day, and receive mandated counseling, as well as a host of employment life skills training (resume, salary negotiations, etc.) key to highly successful transition to civilian life.

The foundation for Active-Duty Soldiers transition activities is the mandatory Five-Day VOW Workshop. TAP trains 235 Soldiers, 41 weeks a year. All classes are separated by rank; target a tiered audience; and welcome spouses. Weekly Senior (SFC and above), and bi-monthly Executive (SGM/LTC and above) Workshops are tailored to their unique needs. Optional Two-day Seminars, in the areas of Career Technical (Trade School); Higher-Education (College/University); Entrepreneur Tracks; are available to all Soldiers, Retirees and their families. Currently during COVID, all classes and training are conducted in person. Fort Hood TAP will enforce the III Corps Commander's COVID policy.

All COVID precautions are in place. Soldiers still have the option to conduct The NDAA Act workshop via JKO or the Virtual Center.

Unique to Fort Hood is the Army 101-Employer Day. Preparing Soldiers for transition is only half of the equation. Fort Hood realizes most industry hiring processes target college graduates and within-industry employees of competitors; Soldiers are neither. Therefore, Fort Hood TAP developed the Army 101 Seminar to educate industry leaders on the value of Soldiers as preferred employees. Army 101 teaches industry to retool their internal process to recruit, vet, hire and retain more Soldiers.

Additional transition opportunities authorized under the VOW/NDAA included participation in up to 22-weeks of on-duty Career Skills Programs (CSP) offered by industry, during a Soldier's final 180 days on active duty. Graduation results in the high probability of employment. Seats are limited and selection is highly competitive. Soldiers must be in good standing with the command; on track for an honorable discharge; have support of their Battalion Command Team; and commit to achieving the highest of industry standards. Current Fort Hood CSP operating at Fort Hood include 21 approved training programs ranging from 5 – 21 weeks. The Career Skills Program briefing is conducted the first Tuesday of the month.

See Something, Say Something

Suspicious activity is any observed behavior that could indicate anything from criminal activity to terrorism-related crime. This can include seeing unusually placed items or situations that are out of the ordinary, a person eliciting information such as the operations or security procedures for a facility or the personnel employed, or someone paying unusually close attention to facilities or operations beyond casual or professional interest. Some of these activities could be innocent. It is up to law enforcement to determine whether the behavior warrants investigation. The activities above are not all-inclusive, but have been compiled based on studies of pre-operational aspects of both successful and thwarted criminal and terrorist events over several years.

Informed, alert communities play a critical role in keeping us safe. We can all help in keeping our community safe by paying attention to our surroundings and reporting suspicious activity to local law enforcement. If you see suspicious activity, report it to 288-COPS (2677) on Fort Hood or your local law enforcement agency immediately. Describe specifically what you observed to include who or what it was, when you saw it, where it occurred, and why it's suspicious. Your diligent observation and reporting of any suspicious activity could help someone in your community or prevent a crime or even a terrorist event.

For more information, contact Mr. Glenn Fogle (254) 287-3940, USAG Fort Hood OPSEC Manager.

Fort Hood Critical Information List

Operations Security protects sensitive, but generally unclassified information that is critical to our mission. Critical information consists of *specific* facts about our *capabilities, activities, limitations, and intentions* (CALI). The critical information is so vital to the mission that if the adversary obtains it, correctly analyzes it, and acts upon it, the compromise could prevent or seriously degrade mission success. - **S**ensitive Reports: reports containing sensitive and / or personally identifiable information (PII) or information pertaining to mission readiness such as blotters, battle damage assessments, recall rosters, manning documents, etc.
- **E**merging Tactics, Techniques, and Procedures (TTP): newly administered TTPs to improve mission effectiveness such as ways to avoid or detect IEDs, convoy protection methods, etc.
